4K/5K Information

HASD 5K Registration for 2012-2013 School Year

To be eligible for enrollment in a 5K program, your child must be five years old prior to September 1, 2012. If your child is currently enrolled in one of the HASD 4K community sites, the school district will contact you by mail to confirm the 5K public school placement and to communicate any specific information regarding the transition process from 4K to 5K. If your eligible child does not attend a 4K program or attends at a 4K site not affiliated with the district, his/her 5K registration will coincide with the March dates, times, and places for next year's 4K students.

Children who meet the age eligibility for five-year-old kindergarten are encouraged to enroll in that program with typically developing peers. However, the individual needs of children will be considered and a determination will be made on a case-by-case basis regarding placement of a five year old in 4K.
