BOARD OF EDUCATION
HORTONVILLE AREA SCHOOL DISTRICT

PROGRAM
2413 / Page 1 of 1

HEALTH EDUCATION

The Board of Education, in compliance with State law, has adopted a comprehensive program of health education which will prepare students to maintain good health and enable them to adapt to changing health problems of our society.

The Board recognizes that this program, like other the District offers, may contain content and/or activities that some parents find objectionable. The District shall notify the parents, in advance of the instruction and about the content of the instruction and give the parents an opportunity to review the materials to be used.

Students in grades seven (7) through twelve (12) will be provided instruction in cardiopulmonary resuscitation and cardio cerebral resuscitation including instruction on the psychomotor skills necessary to perform both skills as part of any health education course offered.

Students in grades seven (7) through twelve (12) will be provided instruction about automated external defibrillators as identified in Policy 8452 – Automated External Defibrillators.

The District Administrator shall prepare administrative guidelines that will ensure:

- A. The health education program includes appropriate learning experiences related to such topics as use, abuse, and effects of drugs, alcohol, and tobacco; mental, physical, and dental health; disease prevention and control; accident prevention; and related health and safety topics;
- B. Periodic evaluation of student understanding;
- C. Continual analysis of the effectiveness of the program and the accuracy, completeness, and relevancy of the information and instructional procedures.

In implementing the program, the District Administrator may use whatever District and outside resources, including Department of Education guidelines and consultants, s/he deems appropriate.
