FIELD AND OTHER DISTRICT-SPONSORED TRIPS

The Hortonville Area School District believes that field trips and student travel enrich the educational experience by adding dimensions of learning which are not possible in the classroom. As an important feature of the overall educational program, a field trip must be an extension of the regular classroom learning activities of the students; have a purpose and defined outcome related to the curriculum; and reflect appropriate preparation and organization.

For the purposes of this policy, a District sponsored field trip shall be defined as any trip planned for one or more students away from District premises, which is under the supervision of a HASD professional staff member and is an integral part of a course of study or district approved curriculum. Any fieldtrip, approved by the Board, is considered a HASD district sponsored trip.

All field trips must be carefully planned, following the administrative guidelines, and approved by the appropriate administration. No staff member may offer or lead any trip as a District-sponsored trip unless the trip has been approved in the manner prescribed in this policy. Parents must be well informed of all essential data regarding the proposed trip, with parent permission for all trips being required.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the District that takes students on trips not approved by the Board or District Administrator. No staff member may use District facilities or be on any school grounds of the District to solicit students of this District for such trips.

Student travel will be categorized in six general areas:

1. **Instructional Day Trips:** Trips that take place during the school day, related directly to a course of study, and generally require student attendance and participation. These trips are subject to review and approval by the Building Principal. Trips requiring travel of more than seventy-five (75) miles one way in one direction require the Building Principal and the District Administrators approval. Two (2) instructional trips will be allowed per year per grade level. An additional fieldtrip may be approved for encore educational experiences if approved by the building principal.
2. **Co-Curricular Athletics or Activities:** Trips in which co-curricular athletic teams are traveling seventy-five (75) miles one way in one direction, require the approval of the Activities Director. Trips in which co-curricular activity teams are traveling seventy-five (75) miles one way in one direction, require the approval of the Activities Director and/or building Principal.
3. **Supplementary Day Trips:** Trips in which students voluntarily participate, such as classroom, grade level, and building trips; as well as trips for student activities, clubs and other special interest groups. The trips are subject to review and approval by the Building Principal. Students are responsible for all transportation.

4. **Overnight Trips:** Trips that involve an overnight stay, such as trips for student activities, clubs, athletic competitions, and other special interest groups. 5. **Out-of-State / Out-of-Country Trips:** Trips that involve an overnight stay or multiple nights' stay out of Wisconsin or out of the United States. The trips are subject to review and approval by the Building Principal, District Administrator, and Board of Education. It is preferable that a travel company be used to plan a trip and accommodations; all information must be submitted before Board approval. If a travel company is not used, all travel, food, and lodging information must be submitted before Board approval. Transportation may be provided by District.
6. **Trips seventy-five miles or more one way:** Trips requiring travel of more than seventy-five miles one way in one direction require the Building Principal and District Administrators approval. The Board of Education will be informed of any trip seventy-five (75) miles or more one way. If transportation is being requested, the trip request will be reviewed/approved under the Consent Agenda Items.
