

# Mark McMorris

Mark McMorris is a professional snowboarder. He is only 22 years old. He has won three gold medal and three silver. He is also an eight time X Games medalist. His expertise is slopestyle, but he competed in big air a couple times.

Mark McMorris is my hero because he is a role model for me. He is also an Olympian and an X Games medalist and is a very well known snowboarder.

Mark McMorris is a pro snowboarder. At the age of 18, Mark was entered the world of X Games. Since then, he has improved a great amount. He was the first to create and land frontside triple cork 1440. This is a trick where the snowboarder rotates three times upside down before landing.

Mark McMorris has a lot to balance in life. Not only is he a snowboarder, but also a boyfriend. He has to juggle practicing for X Games and the olympics, and being with his girlfriend. He practices mostly in places like Aspen and other such places with big terrain perks.

I think overall Mark McMorris is a very great guy. He is a phenomenal snowboarder. He is great at slopestyle he is also great at big air too. He took second in 2015 US Open.
