	3:00-3:12	Advisory				

This shows what 6<sup>th</sup> 7<sup>th</sup> and 8<sup>th</sup> graders in FWA do every day for the whole week. This is there schedule for the whole week every week.

# Facts About FWA

We use many technology devices such as laptops and computers. We also do lots of different projects. Most of the projects and subjects are online. Sometimes our projects involve around a trifold, a computer, and many more things.

# Academics

**Math**-Students have this website called Aleks math on the computer that students use for math. For high school algebra uses white board math. Doing math on a white board.

**Science**- We do many experiments with different things like what plant grows the fastest and things like that.

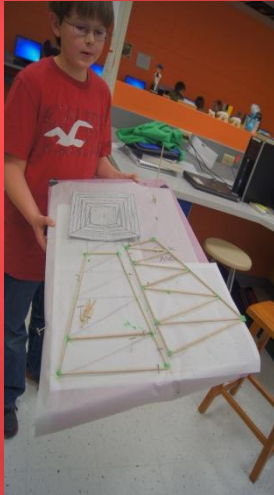

**Reading**-For reading one group is reading one book while another group is reading another book.

**Project Block**- We do many different projects like making your own museum or learning about a different country.

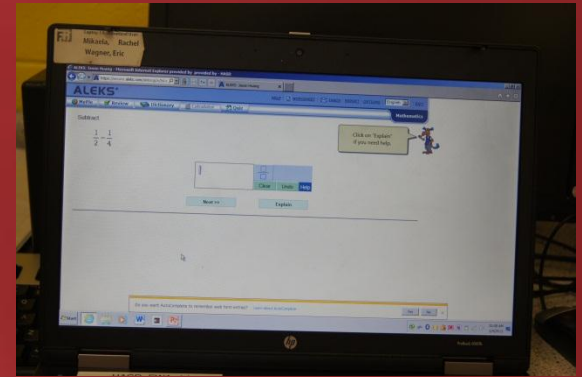

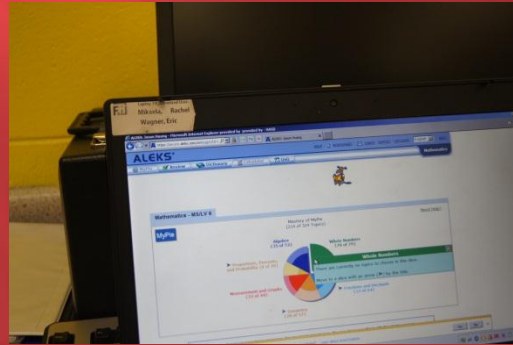

**Language**- We do a lot of 5 paragraph essays on the computer. We also have students have speeches.

# How We Learn
