

My Personal Hero

Lindsey Underwood

Lindsey was born in Mequon, Wisconsin April 27th, 2000. She was raised in Cedarburg, Wisconsin. She goes to Grafton Area School District. The first instrument she played was the piano and she took lessons.

Lindsey is my hero because I always have a fun time with her and she inspires me to do things that I never did. I also love doing things with her. She's also one of my favorite cousins. I always feel so happy when I'm around her or talking on the phone with her.

Lindsey is my hero, she is just your average teenager. She used to play the flute. Which inspired me to play it as well in band. I really enjoy playing the flute. She also inspired me because I used to play volleyball with her. So I am going to try out for volleyball next year.

Lindsey can only drive with another adult in the car. On March 12th she is going to be doing Solo and Ensemble. Lindsey does eight things in school. She has played the piano in the talent show for three years. Also she has played five instruments in middle school. She has been in four plays, two sports, and five choirs.

Me and Lindsey used to play Mario Bros. on the Wii. We also used to play Hide-Go-Seek. Another thing was we used to play with her gecko. We would watch movies together.

Lindsey is my personal hero because she inspired me to play the flute and to play volleyball.
