

SUMMER SNOWMOBILING

A snowmobile that drives on asphalt and can be raced during the summer. If you have the license to do the sport.

BY: TYLOR MILLETICS

WHAT IS ASPHALT SNOWMOBILING?

Asphalt snowmobiling is basically a snowmobile that is changed quite a lot. There is the suspension is a lot different, and instead of ski's they use wheels on the front, the tracks have no studs on them in fact they are just pure rubber.

DIFFERENT KINDS OF SNOWMOBILES

WINTER SNOWMOBILE

- The track has studs on it.
- Skis on the front of it.
- A large gas tank.

SUMMER SNOWMOBILE

- The track does not have studs on it.
- Wheels on the front of it instead of skis.
- Smaller gas tank.
- A way better cooling system.

WHO RACES?

There are actually a lot of people who do this sport. In fact there are about 10 people

In Kaukauna, WI that do this sport.. But if you are willing to do this sport there is a lot of preparation and work time that go into this sport.

But there are 1000's people that do thus sport worldwide.

WHERE DO THEY RACE?

You can do it basically race an asphalt snowmobile at any racetrack that you live closest to or your favorite track as long as that track has the class of snowmobile or they allow you to. But there is a lot of work that goes into racing an asphalt snowmobile. My dad races at (WIR) Wisconsin International Raceway and so do I.

WHAT TIME OF YEAR (SEASON)

The seasons are early April to early October. But if it is rainy outside than the race will be rained out and they will have to make it up the on the next race.

HOW OLD DO YOU HAVE TO BE?

You have to be at least 18 years or older to be able to race at a racetrack with a asphalt snowmobile and also for money and the championship.

CHAMPIONSHIPS?

Every time that you win a race you get 1 point that will be counted at the end of the years total. But if you win all of the races of the day you would get 9 points because you get 3 points just for showing up to the race, 4 points for winning 1st round to 4th round, you also get 2 points for winning the finals or 5th round.

WHAT DOES AN ASPHALT SNOWMOBILE LOOKS LIKE?

MY DAD RACING

THIS IS MY JUNIOR DRAGSTER I RACE IT DURING THE SUMMER FROM APRIL TO EARLY OCTOBER WITH ABOUT 16 OTHER PEOPLE.
