Committee discussed the proposal to support a District Wellness Coordinator Position. Questions that arose were: What would be the role of this position? Is there a need for the position? What would be different than what we are already doing? Many opportunities are currently available for staff to participate in wellness activities with limited resources available. The District Wellness committee decided not to support the proposal and is happy with the support received from administration to promote staff wellness.

Walk-a-thon planning. How can we get families to participate? Money raised will go to Fitness Center. Due to a conflict with Hortonville Youth Sports opener, the May 22 date will be changed. Other dates considered:

May 1 (HS baseball team has a home double header).

Sunday, May 2 (baseball tournament)

May 8 (HS prom).

Committee selected Sunday, May 23 – rain or shine Greenville Lions Park 1:00 – 3:00
