

Dear Parents,

During the school year 6th grade will be doing Movie activities. These will be curriculum related or shown as a reward. Our district's policy is for students to watch G rated movies in grades 6th and under unless there is written approval from parents.

To motivate students with movies of high interest to them we would like to ask for permission to show PG movies during the year. An example of a movie we might show would be the movie Road to El Dorado an animated movie which is rated PG. We understand and respect your wishes if you would rather we choose another movie.

_____ yes, my child has permission to watch the PG movies

_____ I would like to know in advance the PG movie to be shown prior to giving consent

_____ no, I would like for a G rated movie to be shown instead

Child's name _____

Parent's Signature _____
