

8th Grade Goals
Math 2010-2011

“Dictionary is the only place that success comes before work. Hard work is the price we must pay for success. I think you can accomplish anything if you’re willing to pay the price.”
- Former Green Bay Packers Coach Vince Lombardi

By setting goals, you can accomplish so much more this year! We are different types of learners with different strengths and weaknesses, so we need to set individual goals for pre-algebra this year. Everyone has some strength that will be used! Reflect on your strengths and weaknesses to set your goals.

**What are my strengths and how will I use these to help me succeed in math this year?
(Strengths can be ANYTHING you’re good at, even if it doesn’t have to do with math.)**

What are some of my weaknesses and how will I improve upon these weaknesses?

Areas I need to improve on:

- | | | |
|---|--|--|
| <input type="checkbox"/> studying for test/quizzes | <input type="checkbox"/> completing homework on time | <input type="checkbox"/> mental math |
| <input type="checkbox"/> taking notes in class | <input type="checkbox"/> paying attention in class | <input type="checkbox"/> problem solving |
| <input type="checkbox"/> following directions | <input type="checkbox"/> effort on projects | <input type="checkbox"/> real world math |
| <input type="checkbox"/> my attitude | <input type="checkbox"/> asking questions when I need to | <input type="checkbox"/> showing my work |
| <input type="checkbox"/> using my class time wisely | <input type="checkbox"/> trying different strategies | |

2 areas I will focus on first:

My plan of action:

Grade I am aiming for this quarter: _____

Parent Signature: _____
