

Name _____

Culture of Me Poster

After studying different aspects of culture, think of words that describe your culture. Think about foods you eat, family members you adore, sports you play, teams you love, your church, your favorite words/language, favorite books and characters, activities and hobbies, pets, music, art, dance, holidays, beliefs—anything that is a part of you.

1. In the box below write 20-50 words for your culture using the ideas above. Make sure they are spelled correctly.

2. Then, type them into a word processing program and save them.

3. Using a web based word cloud site, create a word cloud (copy and paste) of your culture using one of the links below. Hints: No spaces between words you want together. Type important words more than one time, they'll be larger.

4. Share your cultural poster with your family, your class, or your teacher.

5. Reflect on what makes up your culture and you unique.
