

Citing my sources
in my
Works Cited Page

I can organize my source citations
into a Works Cited Page.

Steps for compiling a Works Cited Page:

1. Get out your Source Note Cards
2. On the computer, open up the Internet Explorer and search www.easybib.com
3. Enter the information from your Source Note Cards into Easy Bib.
4. Open up your Microsoft Word document for your Persuasive Essay. Scroll to the last page. At the top, center of the new page, type Works Cited.
5. Copy and paste source results from Easy Bib into your Word Document in alphabetical order!

Tips for using Easy Bib to cite sources:

Select the tab, based on what type of resource you have.

The screenshot shows the EasyBib website interface. At the top, there is a navigation bar with tabs: Research BETA, Notes & Outline, Bibliography, Citation guide, and Educator blog. Below this is a main heading: "The Free Automatic Bibliography and Citation Generator" with a subtext: "Save time by creating a Works Cited page instantly in MLA, APA, or Chicago!". Underneath, there are several tabs for source types: Website, Book, Newspaper, Journal, Database, and All 59 options. A search bar is present with a "Cite this" button. To the right, a "How to cite in 3 steps:" section lists: 1. Select your source & search for it. 2. We'll automatically cite it for you. 3. Repeat to build your bibliography! Red arrows originate from the tip text and point to the "Bibliography" tab, the "Citation guide" tab, the "All 59 options" tab, the "Website" tab, and the "Cite this" button.
