

Dear Parents:

Effective with the 2009-2010 school year, HASD has purchased a new student software management program called Skyward. As a result of the new software, K12 Planet is nonexistent; however, Skyward does have an equivalent, **Family Access**, that will allow you to view a great deal of information, including grades, on your child with a username and password.

Due to the training that is required by teachers, it will be unavailable for you to access until approximately September 22, 2009. When it becomes available, we will be providing information to you on how to utilize Family Access.

We ask that you fill out this form now so that we will be able to give you your username and password in a timely manner.

Hortonville Area School District
Family Access Application

Dear Parents/Guardians;

HASD is proud to announce our education tool: Skyward Family Access. This new service will allow you to view your child's attendance, grades, demographic and scheduling information.

Please take a moment to complete this form and return it to the school's office. Please provide an active email address within this application. Your account and password will be given to you when you return this form. Please print clearly and legibly.

Student Name: _____ Grade _____

Parent-Guardian Name: _____

Relationship: _____

Email Address: _____

Parent-Guardian Signature: _____ Date: _____

**In order to protect your child's confidential student records, verification is required.
Please submit this form in person to the office.**

HASD does not provide technical support for your home computers. If you experience technical support problems, please contact your computer technical support for assistance. The school secretary may confirm your Family Access account and password in the event of an emergency.
