

# May

Education Program  
Advocates for Healthy Transitional Living

## Staff Spotlight

Hello, my name is Annie Mouna. I am a Service Specialist here at Advocates for a little over 8 months now. I came here with 10 years of experience with Early Childhood Teaching. I have always enjoyed working with children of all ages. My passion for children comes from the ten children living with me; all of them range from one year old to 14 years old. I hope to continue my journey working with the children here to expand my experience in making a difference in lives.

## Reminders

We will be closed  
Monday, May 27th

Last day of school  
is Friday, June 7th

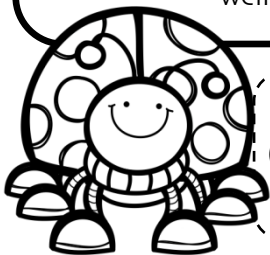

## Program News

Summer is approaching!  
Please contact us for  
summer school,  
ESY services, and  
summer programming

## Staff Spotlight

Hello, I'm Zachary Pate. I am a Service Specialist in the schools; I specialize in behavioral interventions in the classroom. I'm from Lexington, Mississippi and moved, out of poverty and the projects, to Green Bay ten years ago. My past experiences motivate me to give back to the youth and my community. I began my own non-profit organization called Little Hearts Big Minds. I enjoy hosting free events for families in need as well as coaching and mentoring the youth in the Green Bay area.
