

Essential Standards and Course Descriptions

Grades 7 World Languages

Hortonville Middle School | Greenville Middle School

The following document has been created with our parents in mind. The purpose is to communicate with parents related to the 'essential standards' being taught for every subject and in every grade level. Included is also a brief course description written by a collaborative team of teachers representing both middle schools. As a school district, we believe very strongly that although we have two unique middle schools, both schools must ensure a guaranteed and viable curriculum. What this means is that the same 'essential' learning being taught at HMS will also be taught at GMS to ensure that EVERY student, regardless of enrollment, will be prepared to enter Hortonville High School having learned prioritized academic and behavioral expectations.

What is an 'essential standard'? Every school district adopts academic standards for every area of study. The Hortonville Area School District is no different. Unfortunately, not all standards are created equal. This means that some standards have been predetermined by the teaching faculty as most critical or 'essential' for students to learn and demonstrate before moving on to the next grade level. These standards are assessed and reported out to parents on progress reports (formerly called report cards). We sometimes call these our 'must know' standards. This is not to say that all other standards, or 'nice to know standards', are not covered, but they may not be covered to the same level as our 'essential standards'.

Subject: 7th Grade World Languages

Course Description: 7th Grade is the last year in which World Language is required for all HASD students. Future study of a World Language is optional. As such, 7th Grade World Language serves as a key transition between exploratory language learning during the elementary years and a more academic focus at the high school level. Students should expect this class to be more challenging than their previous World Language classes. They will need to put forth effort both in and out of class to master essential standards.

In this class students will explore new concepts in their World Language and work to increase overall communication skills. Essential standards include listening, speaking, reading and writing in the target language, as well as becoming familiar with the culture in Spanish or German speaking countries.

Topics for 7th grade Spanish include *alphabet, numbers, classroom objects, introductions, calendar, weather, clothing, and family.* Our cultural focus will be on Mexico.

Topics for 7th grade German include *alphabet, numbers, introductions, family and people, school, and hobbies and leisure activities.* Our cultural focus will be a broad overview of the four German speaking countries.

Essential Standards Taught:

HASD WORLD LANGUAGE STANDARDS

A: INTERPERSONAL CONVERSATION

Students in Wisconsin will engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions in a language other than their own.

A.a. Questions

I can request information in the form of a question.

A.b. Responses

I can respond appropriately to questions and comments.

B: INTERPRETIVE: LISTENING
