ATTENDANCE

The Board will enforce regular student attendance in the District's program in which each student is enrolled as required pursuant to State law. Further, the Board recognizes that the District's educational program is predicated upon the participation of each student in the program of instruction in which the student is enrolled and required to attend. Student success requires continuity of instruction and program participation. For purposes of this policy, the regular period and hours of instruction including both those periods and hours a student's program require that they are in school as well as any attendance requirements defined as part of a course of virtual instruction, or a combination of the more than one type of instructional delivery.

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school in which the child is enrolled is in session until the end of the term, quarter, or semester of the school year in which the child becomes eighteen (18) years of age, unless they fall under an exception under State law, this policy, or administrative guideline issued under this policy. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holiday accepted, during the full period and hours that kindergarten is in session until the end of the school term.

Written Excuse Required

The District Administrator shall require, from the parent or legal guardian of each student or from an adult student, who has been absent for any reason a written or verbal notification. Administration reserves the right to verify any absence.

School Attendance Officer

The District Administrator shall designate an administrator at each school to be the School Attendance Officer. The School Attendance Officer shall perform any duties and responsibilities s/he is required to perform by State law, this policy, and any administrative guidelines issued by the school. The duties of the School Attendance Officer shall include, but not be limited to, the following:

- A. Determining daily from attendance reports submitted by teacher which student enrolled in the school are absent from school or failed to fulfill the attendance requirements of a virtual instruction program component, and whether the absence is excused.
- B. Submitting to the District Administrator, on or before August 1st of each year, a report of the number of students enrolled in the school who were absent in the previous year and whether the absences were excused. The District Administrator shall then submit this information to the State Superintendent. To the extent feasible, absentee data shall be separated by absences for in-person instruction periods and absences based on virtual instruction attendance requirements.
- C. Providing student attendance information to individuals and agencies for purposes authorized by State law and the Board's Policy #5007 – Student Records.

J. Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

Unexcused Absences

Unexcused absences demonstrate disregard for the educational program and are considered a serious matter.

Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day, or as required by the student's virtual instruction program, in order to benefit fully from the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this District, the Board shall require that the school be notified in advance of such absences by personal request (phone or face-to-face) or written (including e-mail) by the student's parent, who shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the Principal.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized such custody by the parents.

Truancy

"Truancy" means any absence of part or all of one or more days from school during which the school attendance officer, principal or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil.

Notice of Truancy

The School Attendance Officer shall notify a truant student's parent or guardian of the student's truancy and direct the parent or guardian to return the student to school no later than the next day on which school is in session or to provide an excuse for the absence. The notice under this paragraph shall be given before the end of the second school day after receiving a report of an unexcused absence. The notice may be made by electronic communication, personal contact, telephone call, or 1st class mail, and a written record of this notice shall be kept. The School Attendance Officer shall attempt to give notice by personal contact, telephone call, or, unless the parent has refused to receive electronic

Habitual Truant

“Habitual truant” means a pupil who is absent from school without an acceptable excuse for part of all of five (5) or more days on which school is held during a school semester.

Notice of Habitual Truancy

When a student initially becomes a habitual truant, the School Attendance Officer shall provide a notice to the student’s parent or guardian, by registered or certified mail, or by 1st class mail. The School Attendance Officer may simultaneously notify the parent of the habitually truant student by an electronic communication. The notice must contain the following:

- A. A statement of the parent’s or guardian’s responsibility under State law to cause the student to attend school regularly.
- B. A statement that the parent, guardian, or student may request program or curriculum modifications for the student under State law and that the student may be eligible for enrollment in a program for children at risk.
- C. A request that the parent or guardian meet with the appropriate school personnel to discuss the student’s truancy.

The notice shall include the name of the school personnel with whom the parent or guardian should meet, a date, time, and place for the meeting and the name, address, and telephone number of a person to contact to arrange a different date, time, or place. The date for the meeting shall be within five (5) school days after the date that the notice is sent, except that with the consent of the student’s parent or guardian the date for the meeting may be extended for an additional five (5) school days.

- D. A statement of the penalties, under State law or local ordinances that may be imposed on the parent or guardian if s/he fails to cause the child to attend school regularly as required by State law.

The School Attendance Officer will also continue to notify the parent or guardian of a habitual truant’s subsequent unexcused absences.

Referral to the District Attorney or Local Police Department

Truancy cases will be referred to the District Attorney or local police department. The School Attendance Officer will ensure that appropriate school personnel have done the following before any case is referred:

- A. Met with the student’s parent or guardian to discuss the student’s truancy or attempted to meet with the student’s parent or guardian and received no response or were refused.

- B. Provided an opportunity for educational counseling to the student to determine whether a change in the student's curriculum would resolve the student's truancy and have curriculum modifications under State law.

Make-up Course Work and Examinations

Students who are absent from school, whether the absence was excused or unexcused, shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact his/her teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the principal based upon extenuating circumstances.

Guidelines

The District Administrator or designee shall develop administrative guidelines concerning the attendance of students which:

- A. Ensure a school session which is in conformity with the requirement of the law;
- B. Ensure that students absent for an excusable reason have an opportunity to make-up work they missed;
- C. Govern the keeping of attendance records in accordance with State law;
- D. Identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;
- E. Ensure that any student who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 and Chapter 115, Wis. Stats.;
- F. Provide that a student's grade in any course is based on his/her performance in the instructional setting and is not reduced for reasons of conduct. If a student violates the attendance or other rules of the school, s/he should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned;
- G. Ensure that all parents and students are informed of the District's Attendance Policy and related guidelines;
- H. Address unexcused absences.
