**CHANGES IN RELIGIOUS MEMBERSHIP**

**14**

\* The bar graph shows the change in the membership of four major religions from 1980 to 1988. Study the bar graph, and then circle the correct answer to each question below.

- How did the number of people in each of the religions change between 1980 and 1988?  
Stayed the same                  Decreased                  Increased                  Doubled
- Which religion had more than 1 billion members in 1988?  
Hinduism                  Islam                  Christianity                  Buddhism
- Which religious group had a membership of about 900 million in 1988?  
Buddhism                  Islam                  Hinduism                  Christianity
- Which two groups had memberships under 500 million members in 1980?  
Buddhism and Islam                  Buddhism and Hinduism  
Christianity and Buddhism                  Hinduism and Christianity
- Which group grew by about 300 million from 1980 to 1988?  
Islam                  Christianity                  Hinduism                  Buddhism
- Which group grew the most in the eight-year period shown on the graph?  
Christianity                  Islam                  Hinduism                  Buddhism

Thinking Further: The world population is about 5 billion people. Why does the combined memberships of the four religions not equal 5 billion? Write your answer on a separate sheet.
