

## Listening practice #1

Make a chart with 3 columns like the one below. Write down – in English – the key unit vocabulary you hear. Listen as many times as you wish, pause the recording as needed. (But remember you won't be able to pause the recording on the assessment!)

When you feel you have most of the information, check your answers with the key (link on the website).

Seasons	Months	Weather

\*\*\* You can STOP the recording when you hear "Me llamo Valeria". The extra audio is not needed.
