

## Listening practice #2

Make a chart with 4 columns like the one below. Write down – in English – the key weather vocabulary and high/low temperatures you hear for each city.

Listen as many times as you wish, pause the recording as needed. (But remember you won't be able to pause the recording on the assessment!)

When you feel you have most of the information, check your answers with the key (link on the website).

<b>City / Country</b>	<b>Weather</b>	<b>Low temp °C</b>	<b>High temp °F</b>
<b>Quito, Ecuador</b>			
<b>Montevideo, Uruguay</b>			
<b>La Paz, Bolivia</b>			
<b>Asunción, Paraguay</b>
