

## Conjugación: los verbos reflexivos

I can conjugate reflexive verbs.

"SE" attached to an infinitive indicates that a verb is **reflexive**

ejemplos: lavarse, bañarse, ponerse

**reflexive**

Reflexive verbs require **pronouns** to indicate that the subject of the sentence receives the action of the verb.

**actions you do TO or ON or FOR yourself**

## afeitarse

Afeitarse = to shave (oneself)					
yo	<b>me</b>	afeito	nosotros nosotras	<b>nos</b>	afeitamos
tú	<b>te</b>	afeitas	vosotros vosotras	<b>os</b>	afeitáis
él ella Ud.	<b>se</b>	afeita	ellos ellas Uds.	<b>se</b>	afeitan

**Reflexive verbs:**

The reflexive pronoun indicates that the action of the verb

**reflects** back upon the subject.

Both the **verb ending** and the **reflexive pronoun** **align with** the subject.

Mi papá **se** afeita.  
*My dad is shaving (himself).*

Yo **me** baño.  
*I'm bathing (myself).*

Mis hermanos **se** lavan las manos.  
*My brothers are washing (their own) hands.*
