

# Artículo posesivo → de

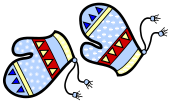

I can express posesión with clothing ítems.

In English, we use an apostrophe s to indicate that something belongs to someone.

However, 'S **does not exist** in Spanish!

The **de** is placed after the noun and before the person's name or subject pronoun.

Modelos:	 <b>Margarita's</b>	la camisa de Margarita
	 <b>David's</b>	los mitones de David
