

Hide The Bears

This game is fun because the bears are playing "Hide and Seek"!

Materials:

1. Teddy Bear Counters or any kind of object that can be hidden under a cup
2. A cup or container that fits over the objects

Directions:

1. The players decide how many teddy bear counters that they are going to play with. A good number to start with is 4.
2. One player covers his/her eyes, while the other player hides some bears under the cup.
3. Then the other player opens his/her eyes, looks at the number of bears that are still outside the cup, and tries to figure out how many bears are hidden.
4. Each player should take four turns hiding and then switch jobs.

If working with the number 4 becomes easy, then go up to 5, then 6, and so on.
