

Kharis the Pizza Chef

Folks say that Kharis was the best pizza bagel chef in the world. When she was born she could make pizza bagels the

minute she opened her eyes. When she was 4 she met Aliah. Then when she was 6 she met a girl named Miranda. They made a group named pizza bagel. The pizza group went on and on. Then she got enough money to get a leopard named Jasmine for Miranda, a dog named peanut for Aliah, and got herself an Elephant named Daisy. They went to make pizza bagels again, but Jasmine, Peanut, and Daisy ate all the bagels. "Sorry," they all said. It's okay we can use English muffins. The pizza muffins were as good

as the pizza bagels but then her house set on fire and she died. But people say that you can still hear Jasmine, Peanut, and Daisy munching her pizza bagels.
