

## Gymnastics

Some people say that Jayla could do a back bend when she was one! When Jayla was two she did the uneven bars. She could not get up on the uneven bars, they had to get a ladder. Some

people said, Jayla, was as small as a slug." But the next day the uneven bars were gone. Jayla was so sad. So she made a plan and they got to work. Then she told the president. Donald Trump did not care that the uneven bars were stolen. Even though the uneven bars were stolen from in the White House. She kept going up and down the elevator. It was fun. So, the president brought her home. So then she went to see the government. The government said, "what do you need?" Do you know who stolen the uneven bars?"

Jayla said. "No," the government said.  
So, they asked everyone in New York.  
The next day Jayla heard a Bam! Jayla  
jumped out of bed to see who it was. It  
was the government. Jayla said where are  
the uneven bars? The government said in  
the Storage room! So, the government  
went to jail. Some people say that Jayla  
went to Hawaii. But some folks say they  
can still see her doing the uneven bars.
